Easy Tilt Looped Handle Curved Back Pneumatic Hand Trolley

Model Number: ETR109

Key features

Heavy duty pneumatic hand trolley with an easy tilt mechanism and looped handle curved back design for transporting drums, cylinders, cartons, and bulky stock in commercial and industrial environments.

• Easy tilt mechanism: Reduces the effort required to move loads by up to 50% during handling and transport.

• Looped handle design: Provides improved grip, control, and manoeuvrability during operation.

• Curved back frame: Supports rounded, bulky, and irregular shaped loads securely during movement.

• Pneumatic wheels: Delivers smoother movement across uneven surfaces, ramps, and outdoor areas.

• 300kg load capacity: Suitable for heavier industrial and commercial stock handling applications.

• Heavy duty steel construction: Built for demanding warehouse, freight, and workshop environments.

• Large toe plate: Helps stabilise loads during lifting and transport.

• Versatile handling solution: Suitable for warehouses, workshops, delivery operations, and general material handling.

Specifications

Product Code	ETR109
Maximum Load Capacity (kg)	300
Trolley Size (mm)	1300 x 430
Toe Plate Size (mm)	433 x 245
Wheel Type	Pneumatic
Tyre Size	410 x 3.50 x 6
Wheel Code	PN1271
