Replacement wheel to suit Richmond's S6026 Clamp Style Jockey Wheel, and S6066 Swing Up Style Jockey Wheel.

Richmond’s range of jockey wheels are ideal for use on trailers, caravans, campers, boat trailers, and various other trailers. We offer two different mounting types – clamp and swing up – and three different wheel sizes. With load capacities of up to 400kgs, Richmond’s jockey wheels are a high-quality and economical solution. When it comes to wheels, we have over [rwc] years of experience, and our jockey wheels are everything you’ve come to expect from Richmond. They’re strong, high-quality, and reliable. Jockey wheels can be used to lower your trailer or caravan onto a tow ball, or to move your trailer around by hand in small or tight spaces.

A range of spare and replacement parts for our range of jockey wheels. Replacement wheels, spare handles, clamps, and U-bolts in a range of sizes are all part of our jockey wheel accessories range.

Don’t compromise on quality – choose jockey wheels from Richmond. Have a question, or would like to buy our jockey wheels? Call our staff on 1300 474 246, email sales@richmondau.com, or visit one of our showrooms in Melbourne, Sydney (we have branches in West Sydney and South Sydney), Brisbane, Perth, Adelaide or Darwin.
