

2 Sided Roll Cage – A-Base

Model Number: RCR200

Key features

Durable 2-sided cage trolley designed for secure transport, handling, and easy access to goods in warehousing, logistics, and stock management environments.

- A-Frame Base: A-frame design for compact nesting in a straight line to save space
- High Load Capacity: Heavy duty cage with 500kg safe working load
- Durable Steel Frame: Fully welded zinc-plated steel frame for corrosion and wear resistance
- Polyurethane Tyred Nylon Centred Wheels: Hard-wearing, easy rolling polyurethane tyred wheels.

- Easy Stock Access: Open side design for handling bulky goods and easy stock access - suitable for high-capacity warehouse, logistics, supermarket and retail use
- Straps to Secure Goods: Includes 2 x high quality black straps with cambuckle for securing loads
- Easy Maintenance: Bolt-on castors for easy replacement and ongoing maintenance
- Supplied Fully Assembled: Delivered fully assembled and ready for use
- Optional fixed swing up shelves or removable shelves to suit available for multi-level storage
