

Casters / Extra High Performance

450mm Twin Wheel Swivel 15 Ton Capacity Castor

Model Number: S1852

Key features

In a class of its own, the EHP series outperforms all rivals no matter how tough the circumstances. Developed using Richmond's 6 decades of castor know how, features include a large opposed taper roller bearing swivel head and precision robot welded fully sealed construction to give a long life without costly breakdowns. The EHP series are fully towable at speeds up to 16kph on flat surfaces without obstacles, making them ideal for work in heavy duty applications. The castor's twin wheel design not only increases surface contact but controls the rolling speed of each wheel when turning and manoeuvring. Custom designed and manufactured in-house, we challenge you to find a better castor.

Specifications

Product Code	S1852TW
Wheel Diameter (mm)	450
Frame Type	Swivel
Wheel Type	Twin Polyurethane Tyred Cast Iron Centred
Wheel Code	PU1800
Wheel Bearing Type	Taper Roller Bearing
Castor Height (mm)	670
Swivel Radius (mm)	350
Maximum Load Capacity (kg)	15000
