

Wheels / Track Wheels / Sliding Gate

88mm Stainless Steel Bottom Mount Gate Track Wheel

Model Number: GTR239

Key features

- Wheel width (A): 23mm
- Bottom Gate Height (B): 96mm
- Track Profile Diameter (C): 20.5mm
- Wheel Outer Diameter (D): 88mm
- Overall Width (E): 36mm
- Between Hole Centers (F): 105mm
- Overall Length (G): 130mm
- Capacity: 250kg
- Wheel Groove Diameter (D1): 70mm
- Wheel Material: Stainless Steel
- Frame Material: Stainless Steel

Richmond gate track wheels, used on both automatic sliding gates (electric sliding gates) and manual sliding gates, wheels are precision machined to ensure a smooth and consistent rolling action on the gate track. For the gate track to suit, see GTR010.

This Richmond gate track wheel is manufactured from 304 S/S for added corrosion protection, wheels are fitted with dual 2RS grade 440 s/s ball bearings to ensure a longer life and superior corrosion protection compared to the standard zinc plated products.

The frame of these bottom mount gate track wheels is designed to be bolted flat to the bottom of the gate. For a recessed, low profile design see our recessed gate track wheels.
