

Warehouse, Industrial Trolleys & Dollies / Industrial Trolleys

900 x 600mm Full Mesh Stock Picking Trolley

Model Number: PFR135

Key features

Full-mesh stock-picking trolley with 900 × 600mm deck, designed for warehouse and logistics operations where visibility and containment are needed.

- Platform size: 900 × 600mm full-mesh deck surface.
- Load capacity: Safe working load of 300kg.
- Wheel type: 100 mm blue polyurethane wheels for smooth mobility.
- Handle height: 810mm for comfortable pushing and pulling.
- Full mesh design: Entire deck surface is mesh to allow visibility and air-flow, and prevent small items from falling through gaps.
- Finish: Hammertone powder-coat steel construction for durable commercial use.

- Accessory ready: Compatible with optional clipboard/tablet holder for pick-verification workflows.
