Warehouse, Industrial Trolleys & Dollies / Dollies / Piano Dollies

250kg Piano Dollie 10" Economy Puncture Proof Wheel

Model Number: PDR014

Key features

The heavy duty piano trolley has been purpose built for the movement of heavy, bulky and awkward loads, including pianos and cabinetry on its flatbed design.

The sturdy yellow 25mm square tube frame with two strong 5/8 inch solid axles, fitted with protective cushioning to protect your load.

The 10" Richmond economy puncture proof wheels are made from high quality closed cell polyurethane foam. They are produced in a spinning mould that forms a dense hard wearing skin on the tyre. The tyre has high resilience and great ageing resistance. Light in weight, they provide most of the advantages of a pneumatic tyre, without the maintenance headaches. They are non-marking in normal use.

Specifications

Product Code	PDR014
Safe Working Load (kg)	250
Length (mm)	750
Width (mm)	370
Height(mm)	270
Wheel Size (mm)	250
Wheel Type	Economy Puncture Proof
Wheel Code	PF1072
Barcode / GTIN	9.33124E+12
