

4 Sided Security Roll Cage – Z-Base

Model Number: RCR511

Key features

Heavy-duty 4-sided security roll cage with lockable mesh doors, fixed shelf, and enclosed roof for secure handling of high-value goods and electronics.

- Z-Frame Base: Z-frame design for compact nesting in an offset pattern to minimise floor space during storage
- High Load Capacity: Heavy duty cage with 500kg safe working load
- Secure Transport and Storage: Smaller 50 x 90mm mesh size prevents smaller items from falling out of the cage and minimises the risk of item loss or theft
- 4-Sided Cage: Secure 4-sided enclosure protects goods in transit. Includes 1x full door, 2x half doors, and a mesh roof for secure transport and stock access

- Mesh roof to secure goods: The mesh roof adds an extra layer of protection for containing goods during transport.
- Includes fixed swing up shelf: For multi-level goods sorting. The shelf includes high quality hinges and can be raised out of the way when not required and back down when needed. Shelf capacity 250kg
- Durable Steel Frame: Fully welded zinc-plated steel frame for corrosion and wear resistance
- Improved Strength and OH&S: High quality steel hinges on all doors & latches are fully enclosed within a smooth plastic casing for improved OH&S
- Polyurethane Tyred Nylon Centred Wheels: Hard-wearing, easy rolling polyurethane tyred wheels.
- Easy Maintenance: Bolt-on castors for easy replacement and ongoing maintenance
- Supplied Fully Assembled: Delivered fully assembled and ready for use
- A range of accessories to suit available - build the perfect roll cage for your business
