

Warehouse, Industrial Trolleys & Dollies / Warehouse and Order Picking Trolleys

250kg 3 Shelf Stock Picker Trolley 945x650mm

Model Number: SPR007

Key features

Heavy-duty three-tier stock-picker trolley with a 250kg load capacity, designed for efficient order picking in commercial and warehouse environments.

- Three-tier design: Three lipped decks keep items stable and prevent goods from sliding during transport.
- Built-in tool storage: Integrated compartments allow operators to carry tools without using deck space.
- Platform size: 945mm (L) × 650mm (W) for generous storage capacity on each tier.
- Heavy-duty construction: Strong, rust-resistant polypropylene frame engineered for demanding daily use.
- High load capacity: Supports up to 250kg total load across both tiers.

- Non-marking grey rubber castors: Fitted with four castors for smooth, quiet, floor-safe operation.

!Please note: This product is supplied flat-packed for ease of transport
