

Material Handling Equipment / Lift Tables

500kg Table Lifter Double Scissor

Model Number: SLR013

Key features

The SLR013 Double Scissor Lift Table provides heavy-duty lifting with a 500 kg capacity and a maximum height of 1.6m. Ideal for workshops and assembly lines, it features a dual scissor mechanism and hydraulic foot pump for safe and stable load positioning. Perfect for reducing strain and improving efficiency when handling heavy loads.

- 500 kg lifting capacity: Perfect for heavy-duty industrial and workshop tasks.
- Lifts to 1,600 mm height: Provides ergonomic working height, reducing operator strain.
- Double scissor design: Ensures stability and lifting capacity for large, heavy loads.
- Foot pedal hydraulic lift: Smooth, controlled lifting with no power required.

- Manual release lever: Allows safe and precise descent, ensuring load stability.
- Fitted with Richmond swivel castors: Provides easy movement and transport across flat surfaces.
- Dual brakes on rear castors: Ensures stability and safety during lifting and when stationary.
- Powder-coated steel construction: Built for durability and wear resistance in tough industrial environments.

Specifications

Product Code	SLR013
Safe Working Load (kg)	500
Table Size (mm)	520 x 1010
Min Table Height (mm)	440
Max Table Height (mm)	1600
