16" Aluminium Perforated Bakery Tray - 4 Sides

Model Number: PBT1604

Key features

The PBT1604 is a 4 sided 16" aluminium perforated baking tray.

This 16" tray is made from professional grade 1.6mm aluminium making it lightweight and easy to lift. The baking tray features three 25mm deep pressed sides for easy stacking and comes with perforated holes allowing air to circulate during baking. The aluminium perforated is food-grade approved. The PBT1604 aluminium perforated baking tray features four pressed sides to allow for easy stacking, no spillage and saves storage space in any operating kitchen or food manufacturing facility. Also available with a non-stick coating, contact us for more details.

Not only do we supply aluminium baking trays, but our wide range of complementary products such as bakery racks, bread crates, and bread crate dollies have been designed to meet all of the requirements of bakeries, kitchens and food manufacturing facilities.
