

Casters / 3000 Series

200mm SG Iron Wheel 3000 Series Castor

Model Number: R8903

Key features

This extra heavy duty range has been precisely engineered and custom built to excel under the hardest conditions. Richmond's 3000 Series picks up applications that our 1000 Series can not. An increased towing capacity and towing speed, increases the possibility for rolling solutions for the most abstract of trolleys and platforms.

The R8903 manufactured by Richmond is a rigid frame castor and is fitted with a semi pneumatic wheel. This rigid castor is part of our 3000 series range and has a maximum capacity of 2000kg. The R8903 is assembled with ball bearings on the castors axle. This castors rigid frame allows for steering only when used with swivel castors. The outside diameter of the semi pneumatic wheel is 200mm, the wheel width is 76mm and you can order separately (Part Number: SG834).

Specifications

Product Code	R8903
Wheel Diameter (mm)	200
Frame Type	Rigid
Wheel Width (mm)	75
Wheel Type	Spheroidal Graphite Iron
Wheel Code	SG821
Wheel Bearing Type	Ball Bearing
Castor Height (mm)	260
Maximum Load Capacity (kg)	2000
Towable	Yes
