

Plastic Storage / Crates / Stack And Nest

68L Stack & Nest Crate Orange

Model Number: SNR008RWCORA

Key features

These clever Australian made tubs are designed to offer a complete storage solution. They are made from food grade polypropylene making them perfect for use in both hospitality and general storage environments.

Stacking: When your stack & nest crates are full, you can sit them on top of one another without damaging the contents of the crate below.

Nesting: When not in use, our stack & nest crates will slide inside of each other nicely, minimising the amount of space they take up for storage.

Want your name on one of our stack & nest tubs? We offer hot stamping and silk screen services to make sure your name or logo stands out on all your plastics.
