

Warehouse, Industrial Trolleys & Dollies / Industrial Trolleys / Order Picker

Double Order Picking Trolley

Model Number: OPR020

Key features

A durable mesh-base order picking trolley designed for efficient transport of Stack & Nest tubs in warehouse, retail, and industrial environments.

- Designed for use with stack & nest tubs: The top steel frame can hold up to 2x stack and nest tubes securely. Each tub can be easily lifted off the trolley for efficient stock sorting and handling.
- Strong steel frame: Heavy-duty construction finished in high-visibility yellow powder coat for durability and workplace safety.
- Mesh base design: Open wire platform (50 × 70mm grid) allows airflow, drainage, and easy cleaning.
- Dual tub capacity: Holds up to two Richmond Stack & Nest tubs (sold separately) for efficient materials handling.

- Rebound rubber castors: Fitted with one swivel and two brake castors for smooth, non-marking movement and secure parking.
- Customisable mobility: Alternative wheel and castor options available for different floors or load types.
- Easy assembly: Supplied flat-packed with simple instructions for quick setup.

!Please note: This product is supplied flat-packed for ease of transport
