

Material Handling Equipment / Lift Tables

500kg Single Scissor Lift Table

Model Number: SLR003

Key features

The Richmond scissor lift table is essentially a 4-wheel hand trolley where the platform raises and lowers with the use of a hydraulically powered scissor mechanism. This scissor table lift has a multitude of uses in workshops, warehouses and despatch departments. Each table lifter is fitted with lockable castors and is operated with a foot controlled hydraulic pump in order to get what is on the table to a comfortable working height. They're also designed to ensure smooth lifting, with the lowering speed fully adjustable via a hand operated valve.

- 500kg lifting capacity: Ideal for heavy-duty industrial and workshop tasks.
- Foot pedal hydraulic lift: Provides smooth, controlled lifting with no power required.

- Manual release lever: Ensures safe and measured descent, providing precise control over the load.
- Fitted with Richmond swivel castors: Allows easy movement and transport, even under full load.
- Dual brakes on rear castors: Guarantees stability and safety during lifting and when stationary.
- Powder-coated steel construction: Built for durability and resistance to wear in demanding environments.

Specifications

Product Code	SLR003
Safe Working Load (kg)	500
Table Size (mm)	850 x 500
Min Table Height (mm)	285
Max Table Height (mm)	880
Handle Height (mm)	990
